INSTRUCTIONS

APPLICANT: In an effort to increase the number of engineering students taking the Fundamentals of Engineering Exam, the WV State Board of Registration launched a new pilot project beginning with the April 2010 exam. During the July 2009 WV PE Board meeting, the Board unanimously approved a motion to allow any eligible student (undergraduate or graduate) enrolled in an acceptable ABET-approved engineering program in West Virginia to sit for the FE exam at **no cost***. Please recognize that this new policy will extend through ten FE exam administrations and end with the October 2014 exam.

If you are a full-time or part-time student meeting the requirements to sit for the FE exam in West Virginia, simply complete this form, and forward it with your application in lieu of a check for the application and exam fees. Your academic enrollment will be verified with your college or university. If you are not eligible, you will be contacted to submit the required fees.
