

**BEFORE THE WEST VIRGINIA STATE BOARD OF
REGISTRATION FOR PROFESSIONAL ENGINEERS**

DEC 26 2019

WV PE BOARD

IN RE: **LIGHTHOUSE ENGINEERING CONSULTANTS, LLC****C2020-06****CONSENT ORDER**

Comes now the West Virginia State Board of Registration for Professional Engineers by Bhajan S. Saluja, P.E., its President, (hereinafter “the Board”) for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Lighthouse Engineering Consultants, LLC, (hereinafter “Respondent Firm”). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of this agreement, does hereby **FIND** the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.
2. Respondent Firm is a corporation organized under the laws of the Commonwealth of Virginia with its principal place of business in Pounding Mill, Virginia.
3. Respondent Firm’s Certificate of Authorization (“COA”) (COA# C03281) was activated on April 20, 2007.
4. On March 15, 2017, Respondent Firm’s COA was invalidated due to the fact that Respondent Firm’s then named Engineer in Responsible Charge, no longer held an active West Virginia P.E. registration. Since that date, Respondent Firm’s COA has remained “Invalidated” through to August 18, 2019.
5. Respondent Firm applied for reinstatement of its COA, and on August 19, 2019, its COA was reinstated and it’s COA is currently “Active.”
6. In August of 2019, the Board became aware that Respondent Firm, during the period of time Respondent Firm’s COA was “Invalidated,” allegedly offered and provided engineering services in the State of West Virginia.

7. This resulted in a Board-initiated investigation, which was the basis of the Board's Complaint which set forth the allegation that Respondent Firm had offered to practice engineering in West Virginia and practiced engineering in West Virginia when its COA was in the "Invalidated" status with the Board
8. The Board initiated Complaint Number C2020-06 at its regular meeting on September 18, 2019, which was filed and served on or about September 30, 2019.
9. The Board and Respondent Firm agreed to settle this matter in lieu of Respondent Firm filing a formal response.
10. The Board has taken into account the following factors in reaching this settlement: Respondent Firm employed a professional engineer licensed in West Virginia at the time the engineering work was done; Respondent Firm cooperated in the resolution of this Complaint; there was no risk of harm to the public; Respondent Firm renewed its COA and it was in good standing with the Board prior to the service of this Complaint upon the Respondent Firm; and the economic benefit received by Respondent Firm for its engineering services was de minimus.
11. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.

CONCLUSIONS OF LAW

12. The Board is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia, and matters related to such practice are within the jurisdiction of the Board. W. Va. Code §30-13-1 *et seq.*
13. Eric C. Hess, as the President of Respondent Firm, has the power and authority to make admissions and otherwise act on behalf of Respondent Firm.

14. West Virginia engineering law allows a firm to practice or offer to practice engineering only upon the issuance of a Certificate of Authorization by the Board. W. Va. Code §30-13-17.
15. The Board may suspend or revoke or refuse to issue, restore or renew a certificate of registration, or place on probation, impose a civil penalty or reprimand any professional engineer who has failed to comply with any of the provisions of this article or any of the rules promulgated under it. W. Va. Code §30-13-21(a)(4).
16. The provisions of W. Va. Code §30-13-21(a) are applicable as appropriate to firms. W. Va. Code §30-13-21(d).
17. The Board is authorized to “assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.” W. Va. Code §30-13-21(b); see also W. Va. Code §30-13-21(d)(4).
18. Practicing engineering, and offering to practice engineering as defined by W. Va. Code §30-13-3(e), without a valid Certificate of Authorization are actions that may subject a firm to discipline by the Board, including a civil penalty up to Five Thousand Dollars (\$5,000.00) for each offense. W. Va. Code R. §7-1-15.1.
19. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as the circumstances leading to the violation; the nature and severity of the violation and the risk of harm to the public; the extent to which the cited person or firm has cooperated with the Board and the Board’s investigation; and other matters as may be appropriate. W. Va. Code R. §7-1-15.4.
20. The assessment of administrative costs is within the Board’s sole discretion. W. Va. Code §30-13-21(d)(4) and W. Va. Code R. §7-1-14.4.
