WV PE BOARD

**BEFORE THE WEST VIRGINIA STATE BOARD OF
REGISTRATION FOR PROFESSIONAL ENGINEERS****IN RE: BRAUN INTERTEC CORPORATION****C2022-38****CONSENT ORDER**

Comes now the West Virginia State Board of Registration for Professional Engineers by Garth E. Thomas, Jr., P.E., its President, (hereinafter “the Board”) for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Braun Intertec Corporation (hereinafter “Respondent Firm”). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of this agreement, does hereby **FIND** the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.
2. Respondent Firm is a corporation organized under the laws of the State of Minnesota, with its principal place of business in Minneapolis, Minnesota.
3. State law requires a provider of engineering services to possess an active Certificate of Authorization (hereinafter “COA”) in order to practice engineering or to offer to practice engineering in West Virginia.
4. Respondent Firm’s COA (COA# C02175) was initially activated on January 23, 2004.
5. Respondent Firm’s COA was revoked in 2005, and subsequently reinstated in 2007.
6. In May 2016, Respondent Firm filed to have its COA placed in the “Inactive” status and said change was made on May 23, 2016.
7. Respondent’s Firm’s COA remained in the Inactive status until on April 18, 2022, when it applied to have its COA reinstated. Its COA was reinstated on April 18, 2022.

8. In its reinstatement application, Respondent Firm self-reported that it was offering engineering services and/or practicing engineering for a project located in Randolph County, West Virginia.
9. A follow-up inquiry led to Respondent Firm relating that earlier in April 2022, it had provided engineering services for this project for an ongoing client.
10. This resulted in a Board-initiated investigation, which was the basis of the Board's Complaint which set forth allegations that Respondent Firm had practiced engineering in West Virginia without an active COA.
11. The Board initiated Complaint Number C2022-38 at its regular meeting on May 24, 2022, and it was received and filed by the Board on said date.
12. The Complaint was served upon Respondent Firm on or about May 28, 2022.
13. The Board and Respondent Firm have agreed to settle this matter through the entry of this Consent Order, wherein, Respondent Firm would forego its right to file a Response, have an administrative hearing, and file any appeals, by making certain admissions set forth herein. As part of the agreement, the Board agreed to dismissed the allegation that Respondent offered engineering services without an active COA.
14. The Board has taken into account the following factors in reaching this settlement: the violation did not pose harm to the public; Respondent Firm was in good standing with the Board prior to the service of this Complaint upon Respondent Firm; and Respondent Firm has cooperated in the resolution of this Complaint.
15. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.
