BEFORE THE WEST VIRGINIA STATE BOARD
OF REGISTRATION FOR PROFESSIONAL ENGINEERS

IN RE: JAMES B. HILDERETH C2010-11

CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers (hereinafter “Board”), by Edward L. Robinson, P.E., its President, and its attorney, Debra L. Hamilton, Deputy Attorney General for the State of West Virginia, for the purpose of agreeing to disciplinary action to be taken against James B. Hildreth (hereinafter “Respondent”). As reflected in this document, the parties have reached an agreement concerning the proper disposition of the above-referenced matter, and the Board, upon approval of such agreement, does hereby FIND the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.

2. Respondent is a licensed professional engineer in the State of West Virginia holding license number 7719 and does business through both a sole proprietorship, Certificate of Authorization (COA) #C03060 and a corporation, Boyles & Hildreth Consulting Engineers, Inc., COA #C00061.

3. On September 29, 2009, the West Virginia Board of Registration for Professional Engineers initiated Complaint C2010-11 alleging Respondent violations of West Virginia engineering law in connection with his engineering consulting work on public contracts
for a local public service district [hereinafter PSD], which complaint was filed and served on October 22, 2009.

4. Respondent timely responded to the Complaint on November 2, 2009.

5. Thereafter to date, Respondent has been represented by counsel.

6. The gravamen of the allegations of the Complaint which forms the basis of this disciplinary action is two-fold:

   a. Respondent and a former partner had an outstanding loan, and the former partner was often utilized by the contractors recommended by Respondent, but this potential conflict of interest or influencing circumstance was not timely disclosed to the PSD; and

   b. Respondent's actions and non-actions with regard to the decision-making process for the award of the contracts, including initiating meetings with each member of the PSD Board, delayed the award of one of the bids and also violated the spirit of West Virginia law relating to open governmental proceedings in that Respondent could and should have addressed matters relating to the bid award during PSD Board meetings.

7. The Board finds that Respondent’s existing joint financial liability with an entity utilized by prime contractors recommended by Respondent constitutes a potential conflict of interest and a circumstance which could influence or appear to influence Respondent’s judgment or the quality of his service, requiring full prior disclosure to the PSD in order to not be in violation of the Rules of Professional Responsibility.
8. Respondent denies that the loan was a factor in making or not making any recommendation regarding the contract to be awarded by the local PSD, but admits that the outstanding loan could appear to influence his judgment.

9. The Board has specifically considered the following in this matter: the interests of and harm to the public, the considerable extent to which Respondent cooperated with the Board and the Board’s investigation, and other appropriate matters.

10. Both the Board and Respondent have incurred significant costs during the pendency of this matter and, in the discretion of the Board, the Board deems it appropriate to assess only a partial amount of the thousands of dollars of costs that have been expended in the investigation and prosecution of this matter.

CONCLUSIONS OF LAW

11. The Board is a state entity created by West Virginia Code § 30-13-1 et seq. and is empowered to regulate the practice of professional engineering in the State of West Virginia.

12. The Board, in its discretion, is authorized to take disciplinary action against any person found to be in violation of West Virginia engineering law and may suspend or revoke or refuse to issue, restore or renew a license, place on probation, impose a civil penalty upon, or reprimand any licensee who has been found to violate one or more provisions of West Virginia engineering law, which includes any rules of the Board, including the Rules of Professional Responsibility. W. Va. Code § 30-13-21(a)(4).

13. Professional engineers “shall avoid conflicts of interest and faithfully serve the legitimate interests of their employers, clients, and customers ...” W. Va. Code R. § 7-1-12.2(d).
14. Professional engineers "shall make full prior disclosures to their employers or clients of potential conflicts of interest or other circumstances which could influence or appear to influence their judgment or the quality of their service."

15. The Board is authorized to "assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board." W. Va. Code § 30-13-21(b).

17. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as the circumstances leading to the violation; the nature and severity of the violation and the risk of harm to the public; the extent to which the cited person or firm has cooperated with the Board and the Board's investigation; and other matters as may be appropriate. W. Va. Code R. § 7-1-15.4.

CONSENT OF RESPONDENT

this matter, and nothing in this Consent Order or the circumstances giving rise to the
same may be the subject of any appeal or other civil or administrative actions except an
action by the Board to enforce the terms of this Consent Order, but that nothing in this
Consent Order prohibits the Board from considering this disciplinary action or the
circumstances giving rise to same with regard to any future disciplinary matter involving
Respondent which may be before this Board.

33. Respondent acknowledges that non-compliance with this Consent Order may result in the
rescission of this agreement, the reinstatement of the Complaint, the summary revocation
of any license or certification which may be issued to Respondent by the Board, and the
addition of any other charges which may arise or ensue from Respondent’s non-
compliance with this Consent Order.

34. Respondent acknowledges that proof of any misstatement or misrepresentation made in

reinstatement of Complaint C2010-11, the summary revocation of any license or
certificate of authorization issued to the Respondent, and the addition of any other
charges which may arise or ensue from providing false information to the Board in
