BEFORE THE WEST VIRGINIA STATE BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS

IN RE: STEPHEN P. MASLAN C2014-04

CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers by Edward L. Robinson, P.E., its President, (hereinafter "the Board") for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Stephen P. Maslan (hereinafter "Respondent"). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby FIND the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.

2. Respondent is licensed in several states, including his home state of Kansas, and has been a licensed professional engineer in West Virginia since 1987, holding license number 10225.

3. Respondent disclosed on his 2013-14 renewal form that he had been subject to disciplinary action since his last West Virginia PE renewal, which initiated a Board investigation.

4. The investigation revealed the following:

   a. By Final Order dated July 31, 2012, the Kansas State Board of Technical Professions [referred to as the “Kansas Final Order” and the “Kansas board”]
assessed a substantial fine against Respondent on two counts of deviation from generally accepted engineering standards and practices in the design of two fire alarm systems, one of which was a violation of a Settlement Agreement and Consent Order entered between Respondent and the Kansas board dated July 2, 2010 ["the Kansas consent order"], which was a reciprocal action based on a settlement agreement between Respondent and the Missouri Board of Architects, Professional Engineers, Professional Land Surveyors and Landscape Architects on October 22, 2009 ["the Missouri settlement"]; b. The State of Missouri entered a Disciplinary Order dated May 30, 2013 ["the Missouri order"] pursuant to a Missouri probation violation complaint which was based, in part, on the Kansas Final Order; and c. Several other jurisdictions had taken or were pursuing reciprocal disciplinary action against Respondent.

5. The Board initiated complaint number C2014-04 at its regular meeting on August 6, 2013 based on reciprocal discipline pursuant to W. Va. Code § 30-13-21(a)(5), which was filed and served on August 14, 2013.

6. Respondent filed a response on August 20, 2013, and thereafter has provided the Board with relevant documents relating to the Kansas disciplinary matter, the disciplinary matter taken in the state of Missouri, and the several reciprocal actions taken or being pursued in other states based on the actions in Kansas and Missouri.

7. As part of this Board’s investigation, Respondent also provided what he described as a comprehensive list of projects in West Virginia which he reviewed and sealed, none of which were the subject of a third-party complaint, involved a fire alarm system, or evidenced a deviation from generally accepted engineering standards and practices.
8. However, based on the myriad of disciplinary actions against Respondent, the Board’s investigation included a review of Respondent’s renewal forms since the 2009-2010 renewal years which revealed years in which Respondent clearly had been the subject of disciplinary action or investigation but for which Respondent indicated there had been no action or investigation. Specifically,

   a. On Respondent’s 2011-12 renewal form, dated June 14, 2011, Respondent did not disclose the Kansas Consent Order of July 2, 2010, and also failed to report a Kentucky consent decree dated July 8, 2011, taking reciprocal action based on the Missouri settlement despite the fact that Respondent was likely aware of the matter since he signed the consent decree less than one month after submitting the renewal form to this Board; and

   b. On Respondent’s 2012-13 renewal form, dated June 29, 2012, Respondent again did not disclose any disciplinary action had been taken during the prior year despite the entry of the Kentucky consent decree during that time; and

   c. Respondent, on the 2012-13 renewal form, did not disclose the Kansas matter resulting in the Kansas Final Order even though it states Respondent was aware of the Kansas matter at least as of June 27, 2012.

9. After Respondent’s disclosure on his 2013-14 renewal form and the initiation of this Complaint, Respondent has been prompt in updating the Board regarding reciprocal actions taken by other states in which he is or was licensed, as well as developments in the matters before the respective boards in Kansas and Missouri.

10. Respondent admits that he repeatedly failed to report on his annual renewal form actions taken in other jurisdictions which could subject him to disciplinary action by this Board pursuant to W. Va. Code § 30-13-21(a)(5).

12. The Board has taken into account the following factors in reaching this settlement: Respondent has never had a complaint filed against him by a third-party in West Virginia, cooperated in the investigation and resolution of this Complaint, and clearly is now well apprised of his on-going duty to report disciplinary matters and any investigations on any renewal form submitted to this Board.

13. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.

CONCLUSIONS OF LAW

14. The Board is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia, and matters related to such practice are within the jurisdiction of the Board. W. Va. Code § 30-13-1 et seq.

15. The Board may take disciplinary action against any person who has been disciplined by another jurisdiction if one of the grounds for such discipline is the same or substantially equivalent to grounds for discipline in W. Va. Code § 30-13-1 et seq. W. Va. Code § 30-13-21(a)(5).

16. The Board may take disciplinary action against any person who has provided false information to the Board. W. Va. Code § 30-13-21(a)(12).

19. The Board is authorized to "assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board." W. Va. Code § 30-13-21(b); see also W. Va. Code § 30-13-21(d)(4).

20. Providing misinformation to the Board may subject a person to discipline by the Board, including a civil penalty up to Fifteen Thousand Dollars ($15,000.00). W. Va. Code R. § 7-1-15.1.

21. Violating a Rule of Professional Responsibility may subject a person to discipline by the Board, including a civil penalty up to Five Thousand Dollars ($5,000.00). W. Va. Code R. § 7-1-5.1.

22. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as the circumstances leading to the violation; the nature and severity of the violation and the risk of harm to the public; the extent to which the cited person or firm has cooperated with the Board and the Board's investigation; and other matters as may be appropriate. W. Va. Code R. § 7-1-15.4.
