IN RE: JOHN B. REGEN C2016-07

CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers by Edward L. Robinson, P.E., its President, (hereinafter "the Board") for the purpose of agreeing to resolve a Complaint seeking disciplinary action against John B. Regen (hereinafter "Respondent"). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby FIND the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.

2. Respondent is a licensed professional engineer in his home state of Tennessee and several other states, and was licensed in West Virginia until July 13, 2015 (license #16250), at which time he requested that his license be designated inactive.

3. After a Board investigation revealed that Respondent had signed and sealed drawings for a medical care facility in Man, West Virginia, on July 31, 2015, the Board initiated complaint number C2016-07 at its regular meeting on September 15, 2015, which was filed and served on September 23, 2015.

4. Respondent did not file a response to the complaint but for a timely letter enclosing his July 2015 timesheets, which indicate the last date for work on this project was July 13th, and a July 30 e-communication, which Respondent contends is the date the architect requested the drawings and the date they were published.

5. Respondent was not licensed to practice engineering in West Virginia on July 30th or 31st, having, at his request, gone on inactive status on July 13th.
6. The Board has taken into account the following factors in reaching this settlement: Respondents’ cooperation in the prompt resolution of this Complaint and the nature of the violation, which did not pose harm to the public since Respondent was licensed at the time the work was performed but for affixing his seal and signing same.

7. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.

CONCLUSIONS OF LAW

8. The Board is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia, and matters related to such practice are within the jurisdiction of the Board. W. Va. Code § 30-13-1 et. seq.

9. It is unlawful for any person to practice or offer to practice engineering, as defined by West Virginia Code § 30-13-3(e), in the State of West Virginia unless that person is duly registered under the provisions of West Virginia engineering law. W. Va. Code § 30-13-2.

10. The Board may suspend or revoke or refuse to issue, restore or renew a certificate of registration of, or place on probation, impose a civil penalty or reprimand any professional engineer who has failed to comply with any of the provisions of this article or any of the rules promulgated under it. W. Va. Code § 30-13-21(a)(4).

12. The Board is authorized to “assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.” W. Va. Code § 30-13-21(b); see also W. Va. Code § 30-13-21(d)(4).
13. Practicing engineering, as defined by W. Va. § 30-13-3(e), without a license is an action that may subject a person to discipline by the Board, including a civil penalty up to Five Thousand Dollars ($5,000.00). W. Va. Code R. § 7-1-15.1.

14. Misuse of the professional engineering seal, which would include affixing the seal at a time when the registrant does not hold an active license, may subject a person to discipline by the Board, including a civil penalty up to Five Thousand Dollars ($5,000.00). W. Va. Code R. § 7-1-15.1.

15. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as the circumstances leading to the violation; the nature and severity of the violation and the risk of harm to the public; the extent to which the cited person or firm has cooperated with the Board and the Board's investigation; and other matters as may be appropriate. W. Va. Code R. § 7-1-15.4.

28. Respondent acknowledges that proof of any material misstatement or misrepresentation made in connection with this matter will result in the rescission of this agreement, the reinstatement of the Complaint, the summary revocation of any license or certification which may have been issued to Respondent by the Board, and the addition of any other charges which may arise or ensue from providing false information to the Board in violation of West Virginia engineering law.

7. Any violation of the terms of this Consent Order shall be immediate cause for further disciplinary action by the Board.

8. If the civil penalty imposed herein is not timely paid, this Consent Order may be summarily enforced in the Circuit Court of Kanawha County without further notice to Respondents upon application by the Board for the entry of a Judgment Order for the total amount of payment agreed to herein ($250.00), together with pre-judgment interest from the date of the President’s signature hereon, post-judgment interest from the date of entry of the Judgment Order and all costs of any enforcement action(s), which judgment shall be fully executable in accordance with applicable law.
