MLH CONSULTING, LLC

C2019-09

CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers by Bhajan S. Saluja, P.E., its President, (hereinafter “the Board”) for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Maria L. Hardy (hereinafter “Respondent Hardy”) and MLH Consulting, LLC (hereinafter “Respondent Firm”) (together, the “Respondents”). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby FIND the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.

2. Respondent Hardy was and is a licensed professional engineer in Ohio, but was not a licensed professional engineer in West Virginia on or about July 5, 2018, when she provided engineering services for a West Virginia project. Since then, Respondent Hardy has applied for comity and obtained a Certificate of Registration, license number 23306, on November 27, 2018.

3. Respondent Hardy is the sole Member of the Respondent Firm which is a Limited Liability Corporation, organized under the laws of the State of Ohio with its principal place of business in Marietta, Ohio.

4. Respondent Firm did not have a Certificate of Authorization at the time it provided engineering services in West Virginia, a time prior to November 27, 2018, when the firm’s Certificate of Authorization (COA# C05917) was activated.
5. A license is required by a person to practice or to offer to practice engineering in West Virginia.

6. A COA is required to practice or to offer to practice engineering in West Virginia.

7. The Board received information that Respondent Firm had provided engineering services in West Virginia by submitting an engineering opinion for a project located in Wood County, West Virginia. Said engineering opinion was dated July 5, 2018.

8. The Board also received information that Respondent Hardy had also provided engineering services on this West Virginia project on or before July 5, 2018.

9. These facts resulted in a Board-initiated investigation, which disclosed that Respondent Firm had practiced engineering without the required COA.

10. These same facts also disclosed that Respondent Hardy had practiced engineering without the required license.

11. The Board initiated Complaint Number C2019-09 at its regular meeting on September 18, 2018, which was filed and served on September 24, 2018.

12. The Respondents filed a timely response to the Complaint on or about October 1, 2018.

13. The Respondents and the Board agreed to settle this matter in lieu of further formal administrative proceedings.

14. Respondent Firm admits that it provided engineering services in West Virginia without a COA.

15. Respondent Hardy admits that she provided engineering services in West Virginia without the required Certificate of Registration.

16. The Board has considered the following factors in reaching this settlement: the violations did not pose harm to the public; Respondent Hardy applied for comity and obtained her registration; Respondent Firm applied for and obtained a COA; and Respondents cooperated with the Board’s investigation.
17. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.
