BEFORE THE WEST VIRGINIA STATE BOARD OF
REGISTRATION FOR PROFESSIONAL ENGINEERS

IN RE:  Dennis C. Gray
        Gerald A. Herron, P.C. d/b/a Herron Engineering

CASE NO.  2005-2
        2005-3

PROPOSED CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers
by Leonard J. Timms, Jr., its president (hereinafter the “Board”), and its attorney, Debra L.
Hamilton, Deputy Attorney General for the State of West Virginia, for the purpose of
agreeing to disciplinary action which shall be taken against Dennis C. Gray and his firm,
Herron Engineering, Inc., by the Board pursuant to West Virginia Code § 30-13-21. As
reflected in this document, the parties have reached an agreement concerning the proper
disposition of this matter, and the Board, upon approval of such agreement, does hereby
FIND the following:

1.  The Board is a state entity created by West Virginia Code § 30-13-1 et seq.
    and is empowered to regulate the practice of professional engineering pursuant to West
    Virginia Code § 30-13-1 et seq.

2.  Dennis C. Gray, (hereinafter at times “Mr. Gray” or “Respondent”) is an
    individual who last held a West Virginia professional engineering license issued by this
    Board in 1996, after which time Mr. Gray failed to renew his license.

3.  Mr. Gray acquired Gerald A. Herron, P.C., an engineering firm incorporated in
    Pennsylvania and d/b/a Herron Engineering, on or around April 1, 2004. Mr. Gray is and
    has been the President of the firm since his acquisition.
4. Mr. Gray never applied for nor received a certification of authorization for Herron Engineering as required by West Virginia Code § 30-13-17.

5. Mr. Gray, after the expiration of his license to practice engineering in West Virginia, and Herron Engineering, without a certification of authorization issued by the Board, continued to practice engineering or resumed the practice of engineering in the State of West Virginia.

6. Specifically, Mr. Gray, through his firm, provided lead engineering services for the design of a new hotel and convention center in Bridgeport, West Virginia.

7. Mr. Gray was informed of the sum and substance of these complaints during the pre-filing investigation of this matter and applied for reinstatement of his license and for issuance of a certificate of authorization to his firm, both of which have been held in abeyance pending the outcome of this complaint.

8. A formal Complaint was issued by the Board on January 31, 2005, and served upon Respondent by certified mail.

9. Prior to the filing of the formal Complaint, Respondent contacted the Board’s attorney, and this communication resulted in a proposed consent agreement being sent to Respondent simultaneous with the formal Complaint.

10. Mr. Gray has stipulated and represents to this Board that the only practice of engineering for remuneration conducted after the expiration of his license to date was in connection with the Bridgeport hotel and convention center. Mr. Gray makes this representation with the understanding that a misrepresentation to the Board, whether done negligently or intentionally, is in violation, inter alia, of W. Va. Code § 30-13-(a) (1) and (12) and will be cause for further disciplinary action by this Board.
11. Mr. Gray admits he practiced engineering in West Virginia after his license was expired in violation of W. Va. Code § 30-13-2.

13. Mr. Gray agrees to waive his right to a hearing on this matter and to waive other rights set forth in W. Va. Code § 30-13-1 et seq. and the procedural rules of the Board, including his right to counsel.

15. Mr. Gray’s cooperation and prompt attention to rectifying the situation have been taken into account by the Board and have mitigated the amount of administrative costs incurred by the Board.

CONCLUSIONS OF LAW

16. West Virginia Code § 30-13-21 authorizes the Board to discipline any person practicing or offering to practice engineering in the State of West Virginia.

17. Among its other powers, the Board has the power to levy civil penalties and assess costs. W. Va. Code § 30-13-21(d)(4).

18. Practicing engineering without a license, to which Respondent has admitted, is an action that would subject a person to discipline by the Board.

19. Practicing engineering without a certificate of authorization (COA), to which Respondent has admitted, is an action that would subject a person to discipline by the Board.
20. Any misrepresentation to the Board, whether made intentionally or negligently, is an action that would subject a person to discipline by the Board.
