BEFORE THE WEST VIRGINIA STATE BOARD OF
REGISTRATION FOR PROFESSIONAL ENGINEERS

IN RE: ROBERT J. RACE and
RACE ENGINEERING AND ASSOCIATES

CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers by Edward L. Robinson, P.E., its President, (hereinafter "the Board") for the purpose of agreeing to resolve a disputed Complaint seeking disciplinary action against Robert J. Race (hereinafter "Respondent Race") and Race Engineering and Associates (hereinafter "Respondent Firm") (together, "Respondents"). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby FIND the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.

2. Respondent Race’s West Virginia PE license (#10534) expired on July 1, 2009.

3. Respondent Race indicated on his reinstatement application that he had engineered and sealed a retaining wall in Spencer, West Virginia, during the time his license was expired, and admits to same.

4. Respondent Race’s West Virginia PE license was approved for reinstatement on March 2, 2012, but the license will not be reinstated until Respondent Race returns his seal letter.

5. Respondent Firm, Race Engineering and Associates, is organized under the laws of the State of Minnesota, with its principal place of business in Eagan.
6. Respondent Race, as the President of Respondent Firm, has the power and authority to make admissions and otherwise act on behalf of Respondent Firm.

7. On information and belief, Respondent Firm does not qualify for a Certificate of Authorization (COA) because, until Respondent Race’s license is reinstated, it has no professional engineer to serve as its engineer in responsible charge.

8. The Board initiated complaint number C2012-11 at its regular meeting on March 20, 2012, which was filed on April 11, 2012.

9. The parties agreed to this informal settlement, and Respondents waived their right to file a timely response to the Complaint.

10. Respondent Race admits that he practiced engineering in West Virginia without a valid license and admits that Respondent Firm practiced engineering without a COA.

11. The Board has taken into account the following factors in determining the amount of civil penalty to be assessed: Although the municipality’s lawyer had put the property owner on notice about using unlicensed professionals, the Board learned of this one instance of practicing engineering on an expired license through Respondent Race’s reinstatement application which is deemed a self-reported violation; the nature and severity of the violation did not pose a risk of harm to the public; Respondents have no prior history of violations; and Respondent Race cooperated with the Board and the Board’s investigation.

12. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs under West Virginia Code § 30-13-21(d) (4) and West Virginia Code R. § 7-1-14.4.
CONCLUSIONS OF LAW

13. The Board is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia, and matters related to such practice are within the jurisdiction of the Board. W. Va. Code § 30-13-1 et seq.

14. It is unlawful for any person to practice or offer to practice engineering, as defined by West Virginia Code § 30-13-1 et seq., in the State of West Virginia unless that person is duly registered under the provisions of West Virginia engineering law. W. Va. Code § 30-13-2.

15. West Virginia engineering law allows a firm to practice or offer to practice engineering only upon the issuance of a certificate of authorization by the Board. W. Va. Code § 30-13-17.

16. The Board is authorized to “assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.” W. Va. Code § 30-13-21(b); see also W. Va. Code § 30-13-21(d)(4).

17. Practicing or offering to practice engineering, as defined by West Virginia § 30-13-1 et seq., without a license is an action that may subject a person to discipline by the Board, including a civil penalty up to Five Thousand Dollars ($5,000.00). W. Va. Code R. § 7-1-15.1.

18. Practicing or offering to practice engineering, as defined by West Virginia Code § 30-13-1 et seq., without a valid Certificate of Authorization is an action that may subject a firm to discipline by the Board, including a civil penalty up to Five Thousand Dollars ($5000.00). W. Va. Code R. § 7-1-5.1.

19. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as:

(a) Whether the amount imposed will be a substantial economic deterrent to the violation;
(b) The circumstances leading to the violation;
(c) The nature and severity of the violation and the risk of harm to the public;
(d) The history of previous violations;
(e) The extent to which the cited person or firm has cooperated with the Board and the Board's investigation;
(f) The economic benefits gained by the violator as a result of the noncompliance;
(g) The interest of the public; and
(h) Other matters as may be appropriate.
