BEFORE THE WEST VIRGINIA STATE BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS

IN RE: Michael F. Salley, P.C. C2012-05

CONSENT ORDER

COMES NOW the West Virginia State Board of Registration for Professional Engineers, by Edward L. Robinson, P.E., its President (hereinafter “the Board”) for the purpose of agreeing to disciplinary action to be taken against Michael E. Salley, P.E. (hereinafter “the Respondent”). As contained herein, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of the same, does hereby FIND the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.

2. Respondent is a professional engineer licensed in the state of Pennsylvania.

3. Respondent’s principal place of business is Forty Fort, Pennsylvania.

4. Respondent has no employees and, as such, is deemed under West Virginia engineering law to practice as a sole proprietorship.

5. Respondent never applied for licensure in the State of West Virginia and thus did not qualify for a Certificate of Authorization (COA) as a sole proprietorship to offer or practice engineering in this State.

6. On or about June 1, 2011, the Federal Aviation Administration (FAA) contacted Respondent to do an analysis of the existing runway light support structure at the airport
in Charleston, West Virignia, because Respondent had done a similar job at a Pennsylvania airport.

7. Respondent did not solicit the engineering work and, as represented to the Board, did the work basically as a favor to an agency of the federal government at its request.

8. On or about September 8, 2011, Respondent notified the Board of the engineering work, explained the above circumstances, submitted a comity application for licensure in West Virginia, and was approved for licensure.

9. Respondent will be issued West Virginia P.E. License No. 19538 upon Respondent’s completion of the registration process, at which time Respondent will also be issued a COA as a sole proprietorship (COA # 04209).

10. The Board initiated Complaint Number C2012-05 at a regular meeting of the Board, but, under the totality of the circumstances, moved to proceed only as to Respondent’s practice of engineering without the required Certificate of Authorization, which complaint was filed on October 17, 2011.

11. Respondent did not offer to practice engineering in West Virginia, self-reported the facts giving rise to the Complaint, promptly took steps to obtain a West Virginia engineering license and COA, and promptly admitted the allegations of the Complaint, all of which mitigated the violation and minimized the costs incurred by the Board.

12. Therefore, the Board, in its discretion, will not take assess administrative costs although the Board finds that it incurred such costs and it is within its power to assess such costs as set forth in West Virginia Code § 30-13-21(d)(4) and West Virginia Code R. § 7-1-14.4.
CONCLUSIONS OF LAW

13. The Board is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia, and matters related to such practice are within the jurisdiction of the Board. W. Va. Code § 30-13-1 et seq.

14. Practicing engineering, as defined by W. Va. § 30-13-1 et seq., without a valid Certificate of Authorization, to which Respondent has admitted herein, is an action that could subject the practiciting entity to discipline by the Board, including a civil penalty up to Five Thousand Dollars ($5000.00). W.Va. Code R. § 7-1-15.1.

19. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as:

   (a) Whether the amount imposed will be a substantial economic deterrent to the violation;
   (b) The circumstances leading to the violation;
   (c) The nature and severity of the violation and the risk of harm to the public;
   (d) The history of previous violations;
   (e) The extent to which the cited person or firm has cooperated with the Board and the Board’s investigation;
   (f) The economic benefits gained by the violator as a result of the noncompliance;
   (g) The interest of the public; and
   (h) Other matters as may be appropriate.
